## ABOUT UNITY FOR AUTISM (Registration # 85601 0707 RR0001)

Unity for Autism is a charitable foundation that raises funds for registered organizations that make a direct and profound impact on the development of individuals with autism. We are a **completely volunteer foundation**, void of all salaries and heavy administrative costs, eliminating any third party expenses. This enables every contribution to benefit organizations that serve the autism population in its entirety. We are a small passionate group, several of our Board members being parents of children with autism, committed to helping other families affected by this disorder.

Our goal is to issue grants to organizations across Canada that are centers of excellence serving individuals with autism. Our grants are designated to specific projects directly benefiting the child and their families. In the past four years since Unity for Autism was established, our fundraising accomplishments have **raised almost one million dollars**.

We are the eyes and ears in the autism community, and will ensure that your contribution will make a profound influence on these families as a direct result of your gift.

*As this golf tournament is our sole fundraiser,  
your generous level of sponsorship is greatly appreciated.*
